johnson.hope@epa.gov [5:32 PM]:

I don't think we made a decision on if OGC needs to see aldicarb. My opinion would be no at this point. Thoughts?

kaul.monisha@epa.gov [5:41 PM]:

They should definitely see it but we can do it once the document has gone through team review - when it's cleaner.

johnson.hope@epa.gov [5:42 PM]:

Not sure who would be available. And they'd need to do a quick turnaround

kaul.monisha@epa.gov [5:43 PM]:

I usually just ask around in OGC to find out who is assigned. They will be reviewing the decision anyway so there will be someone.

kaul.monisha@epa.gov [5:43 PM]:

FYI - BAB sends all of our RD docs to OGC for review.

kaul.monisha@epa.gov [5:44 PM]:

But, you have a good point - considering the timing - we should probably just send it at the same time as when it goes to RD.

johnson.hope@epa.gov [5:45 PM]:

I just emailed Shanta and Debra for the OGC contact

kaul.monisha@epa.gov [5:45 PM]:

thanks!
